

# Student Outcomes

Nicolet College surveys graduates six-months to one-year after graduation to learn about student employment status. Below is a summary table of the survey for Summer 2022-Spring 2023 graduates. Employment Status of 2022-2023 Graduates<sup>1</sup>

	Number	Percent
<b>Number of Graduates</b>	353	
<b>Number of Graduates Responding</b>	130	36%
<b>Not in Labor Market</b>	22	16%
<b>Continuing Education</b>	17	77%
<b>Available for Employment</b>	108	83%
<b>Number of Respondents Employed</b>	104	96.3
<b>Employed in a Related Occupations</b>	67	64%
<b>Employed in a Non-Related Occupation</b>	41	36%
<b>Employed in District</b>	53	51%

<sup>1</sup>Data is derived from the Graduate Follow-Up Survey that is conducted on an annual basis. The information is self-reported from the graduates and compiled from known post-secondary enrollment and continued education through Nicolet College.

Additionally, the survey asks students about their satisfaction with the training they received. 96.9% of graduates responding to the survey replied that they were satisfied or very satisfied with their training.
