

Title: Inclement Weather/College Closing	Number: AP 6.02 Adopted: March 1995 Reviewed: February 2017 Revised: February 2017
--	---

Nicolet College remains open during inclement weather as long as it is reasonably possible to conduct work. However, safety in travel is paramount. The College recognizes individuals are the best judge of their own safety when deciding whether or not to travel during inclement weather.

In the event of weather or other events which would seriously impede the functioning of the College, the President or designee will determine whether the College will close, and will inform the College community of the closing.

Notification of Closure

Once the decision to close the College is made, the Director of Facilities or designee will make the following notifications (by 5:45 am if prior to the start of the business day), including text and email notifications via RAVE Mobile Safety Mass Notification System.
