

## Powered Industrial Truck Operator Safety Course

Continuing Education Credits: 0.1

This course is designed for personnel who will work with powered industrial trucks (PIT) (i.e. forklift) used to carry, push, pull, lift, stack, or tier materials. It will better familiarize the worker with the potential health and safety concerns associated with powered industrial trucks. The content in this course is designed to comply with the intent of the applicable regulatory requirements. Learner objectives for this course are to: specify the purpose of the Powered Industrial Truck standard (OSHA 29 CFR 1910.178), define the operator training requirements for powered industrial trucks, distinguish several types of powered industrial trucks, recognize some general engineering principles associated with powered industrial truck safety, distinguish potential occupational health and safety concerns associated with the use and maintenance of powered industrial trucks, describe safe loading and unloading methods, identify general inspection and maintenance procedures.

<b>Class# 3017</b>	<b>Dates: 8/8/2017 Tuesday</b>		Fees: Under 62: \$75.00 Over 62: \$61.96
		Rhineland - Birchwoods Center 103	8:00 AM - 12:00 PM
<b>Class# 3018</b>	<b>Dates: 6/6/2017 Tuesday</b>		Fees: Under 62: \$75.00 Over 62: \$61.96
		Rhineland - Birchwoods Center 103	8:00 AM - 12:00 PM

## Powered Industrial Truck Safety Train the Trainer

Continuing Education Credits: 0.1

This course prepares participants to teach the Powered Industrial Truck (PIT) Safety Classroom and Hands-on Evaluation Course. Prior PIT operator experience is helpful (but not required) to better serve potential PIT students of the trainer. Prerequisite's of this course are the PIT Safety Classroom Course, PIT Safety Hands-On Evaluation Course, or an equivalent PIT program. By the end of the seminar, participants will have the tools to develop and implement a successful in-house training program that complies with OSHA's Powered Industrial Truck training requirements (29 CFR 1910.178). The PIT Safety Train-the-Trainer Refresher course is recommended every three years.

<b>Class# 3016</b>	<b>Dates: 6/6/2017 Tuesday</b>		Fees: Under 62: \$75.00 Over 62: \$61.96
		Rhineland - Birchwoods Center 103	1:00 PM - 5:00 PM
		Student must complete the PIT Operator Course prior to taking this PIT Safety Trainer Course. Students enrolled must purchase an Instructor Kit that is available for \$500.00. Contact Mark England @ 715.365.4647 to order 2 weeks in advance.	
<b>Class# 3019</b>	<b>Dates: 8/8/2017 Tuesday</b>		Fees: Under 62: \$75.00 Over 62: \$61.96
		Rhineland - Birchwoods Center 103	1:00 PM - 5:00 PM

## 40 Hour Hazwoper Technician

Continuing Education Credits: 1

This course provides industrial personnel with the skills and training necessary when involved with clean-up, operations, storage, disposal or treatment of hazardous materials. The 40 Hour HAZWOPER Technician course is in compliance with OSHA's Hazardous Waste and Emergency Response training standard (29 CFR 1910.120 (e)(3)).

<b>Class# 3015</b>	<b>Dates: 8/1/2017 - 8/29/2017</b>	<b>Online</b>	Fees: Under 62: \$425.00 Over 62: \$294.65
		Rhineland - Online	TBD
	Meets 8/28/2017 - 8/29/2017	Rhineland - Birchwoods Center 103	8:00 AM - 4:00 PM
	Instruction is a blend of face-to-face and online. If not familiar with Blackboard, you must attend an orientation session. Dates and times are listed on the Online Learning page at <a href="http://www.nicoletcollege.edu">www.nicoletcollege.edu</a> . For technology & basic computer training call the Help Desk at 715-365-4478. The online class will be open 8/1/17 (12:00PM) and close 8/24/17 (12:00PM). Last day of enrollment is 8/21/17 (noon). Online coursework and final exam must be completed prior to the start of the face-to-face on 8/28/17.		

## OSHA 10 Hour General Industry

Continuing Education Credits: 0.25

Workers are provided with general awareness about recognizing and preventing hazards commonly found in the workplace. OSHA recommends this training as an orientation to occupational safety and health. Learn how nine major provisions of the Occupational Safety and Health Act (OSHA) can be implemented in the workplace. Topics include common violations; inspections, citations and penalties; walking and working surfaces; means of egress and fire protection; hazardous materials; material handling; electrical safety; and machine guarding. This course is taught by an OSHA-authorized instructor. Participants who successfully complete the course will receive an OSHA course completion card. Workers can receive additional training on hazards specific to their job. 10 hours of mandatory and optional topics will be covered.

<b>Class# 3014</b>	<b>Dates: 6/26/2017 - 6/27/2017</b>	<b>Monday</b>	Fees: Under 62: \$200.00	Over 62: \$167.41
	Meets 6/26/2017	Rhineland - Birchwoods Center 103	8:00 AM - 4:00 PM	
	Meets 6/27/2017	Rhineland - Birchwoods Center 103	8:00 AM - 12:00 PM	

<b>OSHA 30 Hour General Industry</b>	<b>Continuing Education Credits: 0.75</b>
--------------------------------------	---

This course is for supervisors and those desiring more extensive safety and health training in industry safety, health principles and OSHA 1910 policies, procedures and other general industry standards. This course is taught by an OSHA authorized instructor. Participants who successfully complete the course will receive a card from OSHA certifying completion of the course. Workers can receive additional training on hazards specific to their job. 30 hours of mandatory and optional topics will be covered.

<b>Class# 3013</b>	<b>Dates: 6/26/2017 - 6/29/2017</b>	Fees: Under 62: \$500.00	Over 62: \$402.24
		Rhineland - Birchwoods Center 103	8:00 AM - 4:00 PM
