## Associate of Science

The Associate of Science degree places greater emphasis on science and mathematics. It also provides a foundation if you intend to continue your education at a baccalaureate degree granting college or university by offering Liberal Arts courses equal to those found in the first two years of a four-year degree.

By completing this degree, you have the benefit of a degree-to-degree transfer, where universities grant junior status and automatically waive specific lower division requirements, such as general degree requirements, regardless of individual courses taken at Nicolet. If you do not intend to pursue a bachelor's degree, the Associate of Science signify achievement of diverse skills and knowledge that are valued in today's work environments.

## Program Outline

| COURSE \# | COURSE TITLE CREDITS |
| :---: | :---: |
|  | Courses that meet this requirement may also count toward Humanities or Social Science. These credits are not in addition to the 60 credits required for the degree. <br> View Courses and Descriptions (PDF) |
| N/A | World Language 4.00 |
|  | May be met with one year high school, with a grade of " $C$ " or better, or one semester in college. <br> View Courses and Descriptions (PDF) |
| N/A | Electives 13.00 |
|  | Select any college transfer courses beyond the minimum requirements. One credit of health and PE beyond the Health/Wellness/PE credit may be selected. <br> May be 18 credits if students satisfy the world language requirement with one year of high school (C or better). |

Total Credits: $\mathbf{6 0 . 0 0}$

Talk with a Success Coach about the program outline. Together, you will determine if credits you've already earned satisfy any requirements, discuss possible alternative courses, and choose the best classes if you're thinking of transferring.
